

How Neuberg went from
spreadsheet struggles
to seamless reporting
with FINA HQ?

Who is Neuberg?

Neuberg is **one of india's largest diagnostic labs** with a global footprint.

Operating in
India, Middle
East, USA,
South Africa.

Managing 75+
reporting
entities, 36
legal entities.

Using SAP,
QuickBooks,
Pascal, Tally.

With size comes challenges

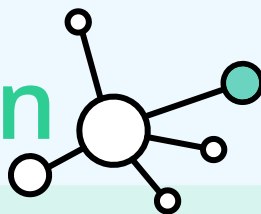

- X Dependent on locations** for financial data.
- X Audits** turned into **marathons**.
- X Excel-based consolidation** couldn't keep up.
- X No common chart** of accounts.
- X Manual ICO reconciliations** drained time.

This created an impact on Neuberg!

STRESS. PRESSURE. EXHAUSTION.

- 📉 Audits became **stressful marathons**.
- 📉 MIS vs. actual results **led to endless explanations**.
- 📉 **Increased pressure on corporate** controllers to justify discrepancies.
- 📉 Challenges in ensuring **top-down accountability**.

Neuberg's vision

“LET’S RUN LIKE A
LISTED COMPANY!”

Don't take our word, take our clients'

"FINA HQ is an extremely impressive application which has helped us drive efficiency in our financial reporting process. FINA HQ is partnering with Neuberg on our journey to meet best in class financial reporting standards. I have been particularly impressed with the amount of time and effort, Arjun has put into making the onboarding experience seamless for us coordinating with multiple stakeholders. I would recommend this application to groups who are looking to simplify their financial reporting processes!"
