NEW GL'S MAPPING

every quarter in Tally was their biggest pain point.

A complex group structure and multiple hierarchies made financial reporting demanding!

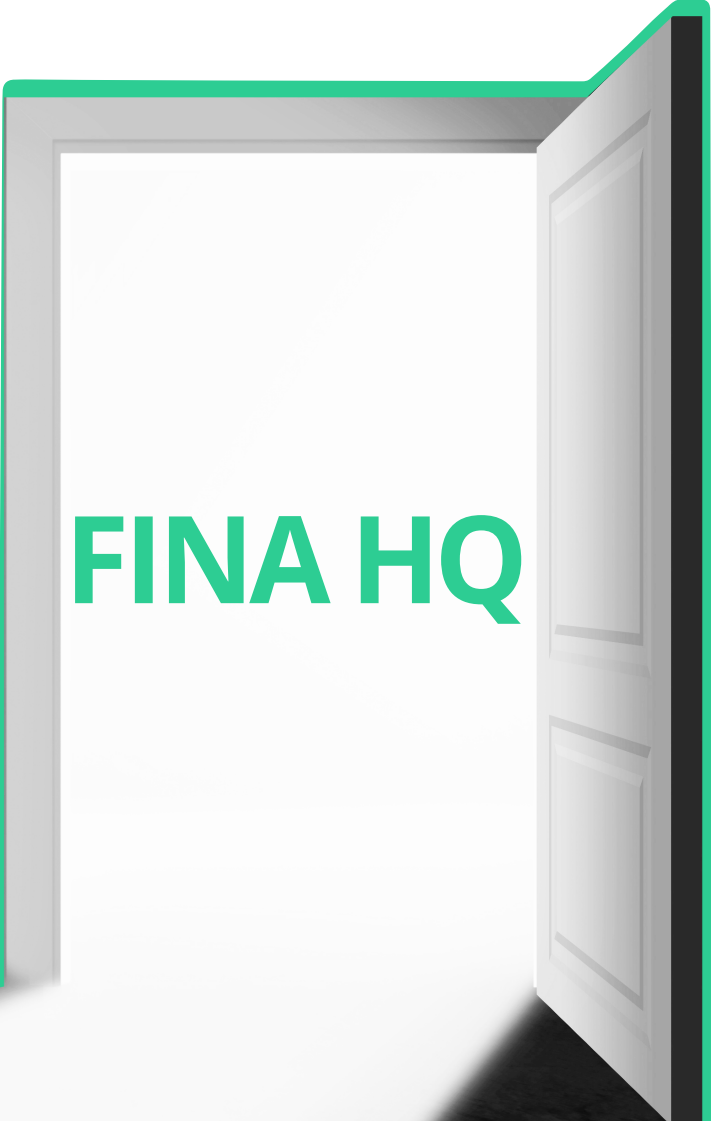

A grayscale background image of a calendar. The days of the week are labeled at the top: MON, TUE, WED, THU, FRI, SAT, SUN. The numbers 01 through 31 are arranged in a grid. A date, likely the 01st, is circled with a thick black line. A black pen lies diagonally across the calendar, with its tip pointing towards the bottom left.
